shall determine the municipality or municipalities to be represented by each member to be elected in the school division by the public school electors under clause b of subsection 6, but in no case shall the determination provide for a member to be elected by a general vote of all the public school electors of the municipalities other than cities in the school division, and such determination is effective for a period of four years or until the number of members for the school division is increased or decreased under subsection 3 or the boundaries of one or more county or district municipalities within the school division are altered or are to be altered effective the 1st day of January next following the election.

(10) Before the 1st day of September in each year in which an election is to be held, the determination under subsection 9 shall be made if,

the council of the county or the clerks of the district municipalities, or the clerks of the county municipalities in a school division in a regional municipality, as the case may be, shall apportion the number of members determined under clause b of subsection 6, as nearly as is practicable, in the proportion that the equalized residential and farm assessment of the property rateable for public school purposes in the municipality or combined municipalities bears to the total equalized residential and farm assessment of the property rateable for public school purposes in all the county or district municipalities in the school division and shall, in so far as it is practicable to do so, combine municipalities that are adjoining. 1968, c. 122, s. 8, part; 1970, c. 63, s. 11 (3).

(14) Where the determination made under subsection 9 allots to a municipality or to a combination of municipalities a percentage of the total number of members to be elected by the public school electors of all the county or district municipalities in the school division that differs by more than five percentage points from the percentage that the equalized residential and farm assessment of the property rateable for public school purposes in the municipality or combination of municipalities is of the total equalized residential and farm assessment of the property rateable for public school purposes in all the county or district municipalities in the school division, the council of the municipality or the council of any one of such combination of municipalities, as the case may be, may, within fifteen days after notice of the determination has been sent, appeal the determination to the county or district judge who shall either reapportion the number of members in accordance with subsection 12 or, where he determines that the determination was made in accordance with subsection 12, confirm the determination, and his decision is final. 1970, c. 63, s. 11 (4).
