Where the sum of the number of members obtained using rules 5, 6 and 7 is less than the total number of members determined by the rules in subsection (6), the number of members to be elected by the electors of the electoral group whose number of members calculated under subsection (9) differs from the next lower integer by the greatest amount shall be increased by one.

9. Where the sum of the number of members obtained using rules 5, 6 and 7 is greater than the total number of members determined by the rules in subsection (6), the number of members to be elected by the electors of the electoral group whose number of members calculated under subsection (9) differs from the next higher integer by the greatest amount shall be decreased by one.

b = the total number of members that represents the electors of the electoral group calculated by the rules in subsection (8)

c = the total population of the electoral group.

\]
where \( a \) = the population of the electoral group resident in the municipality or electoral area.

\[ \text{b} = \text{the number calculated by rule 3 or 4, as the case requires} \]
