77. Where it appears to the satisfaction of the inspector that an employer had used all due diligence to enforce the execution of this Part, and also by what person an offence against this Part was committed, and that it was committed without the knowledge, consent or connivance of the employer and in contravention of his orders the inspector shall proceed against the person whom he believes to be the actual offender in the first instance and not against the employer, and in case of his conviction the employer shall be exempt from any penalty or punishment. 1932, c. 35, s. 79.

78. A person shall not be liable in respect of a repetition of the same kind of offence from day to day to any larger penalty or punishment than the highest penalty or punishment fixed by this Part for the offence except where,—

(a) the repetition of the offence occurs after an information has been laid for the previous offence; or

PART II.

MUNICIPAL BY-LAWS AS TO CLOSING OF SHOPS.

82.—(1) In this section and in any by-law passed there-
under,—

“Shop.”

(a) “Shop” shall mean a building or portion of a build-
ing, booth, stall or place where goods are exposed or
offered for sale by retail, and barbers’ shops, but
shall not include a place where the only trade or
business carried on is that of a licensed hotel or
tavern, victualling house or refreshment house;

“Closed.”

(b) “Closed” shall mean not open for the serving of any
customer.

(2) Nothing in this section or in any by-law passed under
the authority thereof shall render unlawful the continuance
in a shop after the hour appointed for the closing thereof, of
any customers who were in the shop immediately before that
hour, or the serving of such customers during their con-
tinuance therein.
(3) The council of a city, town or village may by by-law require that during the whole or any part or parts of the year all or any class or classes of shops within the municipality shall be closed, and remain closed on each or any day of the week at and during any time or hours between seven of the clock in the afternoon of any day and five of the clock in the forenoon of the next following day, but no such by-law shall be deemed to apply to the sale of fresh fruit.

(4) If an application is presented to such council praying for the passing of a by-law requiring the closing of any class of shops situate within the municipality, and the council is satisfied that such application is signed by not less than three-fourths in number of the occupiers of shops within the municipality belonging to the class to which such application relates, the council shall, within one month after the presentation of such application, pass a by-law giving effect thereto and requiring all shops within the municipality belonging to the class specified in the application to be closed during the period of the year and at the times and hours mentioned in subsection 3 as are named in the application.

(5) If an application is presented to the council of a city, town or village praying for the passing of a by-law requiring the closing of any class of shops situate within the municipality and the council is satisfied that such application is signed by not less than three-quarters in number of the occupiers of shops within the municipality belonging to the class to which such application relates, the council shall, within one month after the presentation of such application, pass a by-law giving effect thereto and requiring all shops within the municipality belonging to the class specified in the application to be closed and remain closed on one particular day of the week during such time or hours between twelve-thirty o'clock noon and five of the clock in the forenoon of the next following day and during such periods of the year as are named in the application.

(6) If the application is delivered to the clerk of the council it shall be deemed to have been presented to and received by the council.

(7) The council of every township shall, with respect to any portion of such township designated in the by-law, have all the rights and powers conferred by this section on the council of a city, town or village, and may pass by-laws which shall apply only to that portion of the township so designated.

(8) The council may by by-law make regulations as to the form of the application and as to the evidence to be
produced respecting the proportion of persons signing the
same and as to the classification of shops for the purposes
of this section, and it shall not be compulsory upon the council
to pass such by-law unless and until all such regulations have
been duly observed.

(9) Every such by-law shall take effect at a date named
therein, being not less than one nor more than two weeks
after the passing thereof, and shall before that date be pub­
lished in such manner as to the council passing the by-law
may appear best fitted to insure the publicity thereof.

(10) A council shall not repeal a by-law passed pursuant
to subsection 4 except as provided in the next following
subsection.

(11) If at any time it is made to appear to the satisfaction
of the council that more than one-third in number of the
occupiers of shops to which any by-law passed by the council
under the authority of subsection 4 relates, or of any class
of such shops, are opposed to the continuance of such by-law
the council may repeal the by-law, or may repeal the same
in so far as it affects such class, but any such repeal shall
not affect the power of the council to thereafter pass another
by-law under any of the provisions of this section.

(12) A shop in which trades of two or more classes are
carried on shall be closed for the purpose of all such trades
during the hours in which it is by any such by-law required
to be closed for the purpose of that one of such trades which
is the principal trade carried on in such shop.

(13) A pharmaceutical chemist or druggist shall not, nor
shall any occupier of, or person employed in or about a shop
in any village or township be liable to any penalty or punish­
ment under any such by-law for supplying medicines, drugs
or medical appliances after the hour appointed by such
by-law for the closing of shops, but nothing in this subsection
shall authorize any person to keep open shop after that hour.

(14) Nothing in any such by-law shall render the occupier
of any premises liable to any penalty or punishment for
supplying any article to any person lodging in such premises,
or for supplying any article required for immediate use by
reason of any emergency arising from sickness, ailment or
death, or for supplying or selling any article to any person
for use on or in or about or with respect to any steamboat or
sailing vessel which at the time of such supplying or selling
is either within or in the immediate neighbourhood of the
municipality in which the premises are situate, or for use by
or with respect to any person employed or engaged on or being a passenger on or by any such steamboat or sailing vessel, but nothing in this subsection shall authorize any person to keep open shop after the hour appointed by such by-law for the closing of shops.

(15) A by-law passed by the council of a township for the closing of all or any class or classes of shops may as to any or all of its terms and provisions, differ from any other by-law passed by the same council for the closing of all or any class or classes of shops in any other designated part of the same township.

(16) Notwithstanding that the occupiers of any class of shops required to be closed by a by-law passed under the provisions of subsection 4 may not have presented an application for the passing of such by-law, every such by-law shall, nevertheless, be valid and effectual as respects any other, and the occupiers of any other class of shops thereby required to be closed in conformity with any application in that behalf made or presented to the council by the prescribed number of occupiers of such last mentioned class.

(17) The onus of proving that an application in compliance with subsection 4 was not presented by the prescribed number of the occupiers of any class of shops shall be upon the person asserting that such application was not so presented.

(18) Where an offence for which the occupier of a shop is liable under any such by-law to any penalty or punishment has in fact been committed by some agent or servant of such occupier, such agent or servant shall be liable to the same penalty or punishment as if he were the occupier.

(19) Where the occupier of a shop is charged with an offence against any such by-law he shall be entitled, upon information duly laid by him, to have any other person whom he alleges to be the actual offender brought before the court at the time appointed for hearing the charge, and if, after the commission of the offence has been proved, the occupier proves to the satisfaction of the court that he has used due diligence to enforce the execution of the provisions of the by-law, and that such other person committed the offence without his knowledge, consent or connivance, such other person may be summarily convicted of such offence and shall be liable to the same penalty or punishment as if he were the occupier, and the occupier shall be exempt from any penalty or punishment.

(20) The provisions of The Municipal Act as to the penalties which may be imposed for contravention of by-laws and the recovery thereof shall apply to by-laws passed under this section. 1932, c. 35, s. 85.
