26. Nothing in this Act shall prevent the executor or administrator or the trustee of the estate of any person legally authorized to carry on and actually carrying on the business of a pharmaceutical chemist at the time of his death from continuing the business so long only as it is bona fide conducted by a pharmaceutical chemist registered under this
Act if such executor, administrator or trustee continues to pay the annual registration fee. 1 Geo. V. e. 40, s. 26.

V. e. 40, s. 29.

V. c. 40, s. 32.

33.—(1) No person or incorporated company shall sell any poison, either by wholesale or retail, unless the box, bottle, vessel, wrapper or cover in which the poison is contained is distinctly labelled with the name of the article and the word “poison,” and if sold by retail, then also with the name and address of the proprietor of the establishment in which such poison is sold; and no person shall sell any poison of those which are in the first part of Schedule B, or may hereafter be added thereto under section 32, to any person unknown to the seller unless introduced by some person known to the seller, and on every sale of any such article the person actually selling the same shall, before delivery, make an entry, Form 3, in a book to be kept for that purpose, stating the date of the sale, the name and address of the purchaser, the name and quantity of the article sold, the purpose for which it is stated by the purchaser to be required, and the name of the person who introduced him, to which entry the signature of the purchaser shall be affixed.

renders its use in the doses prescribed prejudicial to health or dangerous to life, cause an analysis of such medicine to be made by an analyst or other competent person appointed by the Lieutenant-Governor in Council.

(3) If on such analysis it is reported that the medicine contains any of such poisons in a quantity which renders its use in the doses prescribed prejudicial to health or dangerous to life the Board may give notice to the manufacturer or proprietor of the medicine, or to his agent or representative in Ontario, of the result of the analysis, and shall name a convenient time and place at which the manufacturer or proprietor may be heard before the Board in opposition to the report.

(4) If the Board is of the opinion that the medicine is in the doses prescribed prejudicial to health or dangerous to life the Board shall transmit to the Provincial Secretary the report of the analysis, and the objections, if any, made to the same by the manufacturer or proprietor, and their own report thereon, and if the Lieutenant-Governor in Council approves of the report of the Board, notice thereof may be given in the Ontario Gazette, and after such notice the provisions of this Act, with regard to poisons, shall apply to such patent or proprietary medicines, whether sold by persons registered in pursuance of this Act or by others. 1 Geo.
